8:30 am - 4:30 pm; Appointment preferred, hba@ivey.ca

HBA PROGRAM

There are two routes to getting admitted to the HBA Program: by applying during the second year of university or by conditional acceptance through the Advanced Entry Opportunity (AEO).

Admission Requirements - HBA

Successful completion of no fewer than ten courses of university study with a minimum overall average of 70%. The required courses are:

- ▶ One Grade 12 Mathematics course for university bound students (or Mathematics 0110A/B, or Mathematics 1229A/B)
- ▶ Business Administration 2257 with a minimum of 70% and satisfactory class contribution.
- ▶ Demonstrated leadership in extracurricular activities, community involvement, and work experience.
- ▶ Violations of any student code of conduct will be considered as part of the admissions process.
- ▶ MOS 2310A/B and 2320A/B must be deferred to year 3.

Admission Requirements - AEO

A competitive Ivey AEO application includes:

- ▶ One Grade 12 Mathematics course for university bound students.
- ▶ Demonstrated leadership in extracurricular activities, community involvement, and work experience.
- ▶ Competitive average of 90% based on top 6 U/M level courses including English.
- ▶ MOS 2310A/B and 2320A/B must be deferred to year 3.

Application Deadline - HBA

January 26, 2018 at 4:00 pm EST

Limited Enrolment Program

2017-2018

Number of applicants: 1,100; Number of registrants: 600

Minimum average to be considered: 70%; Competitive average is 80% on 10.0 university courses in a full time course load.

ADVANCED ENTRY OPPORTUNITY (AEO)

The AEO offers conditional acceptance to the Ivey Business School to outstanding students from secondary school. An applicant's extracurricular involvement is equally as important as academic performance. All applications are carefully reviewed and decisions are made based on all data available, not solely on prior academic performance. Students must have an offer from Western (or an Affiliated University College) before they can receive an offer for Ivey AEO. The Registrar's Office notifies applicants separately about their admission to first-year at Western.

Application Deadline - AEO

Students interested in Ivey's AEO must indicate a Western program as one of their choices on the OUAC application and also indicate their interest in applying for Ivey's AEO. Students must also apply separately to the Ivey Business School at www.ivey.uwo.ca/hba by the deadline on January 17, 2018 at 4:00 pm EST. There is an application fee payable to the Ivey Business School.

To progress to Ivey HBA in third year, Ivey AEO students need to:

- ▶ Enrol at Western or one of the Affiliated University Colleges for years 1 and 2 with a full course load (5.0 credits) each year.
- ▶ Achieve an overall two year average of 80.0% in 10.0 university credits (excluding pass/fail courses) in any faculty, in any program with no failed courses.
- ▶ Enrol in a module and take a minimum of 2.0 of the required courses for that module plus Business Administration 2257 in year 2.
- ▶ Take all senior (2000 and higher) level courses in year 2 including Business Administration 2257. Permission to register for a first year course in year 2 will be granted by the HBA Program Services Office only under special circumstances.
- ▶ Students following a program containing MOS 2310A/B and 2320A/B must defer these courses until Year 3.
- ▶ Achieve no less than 70% and a satisfactory level of class contribution in Business Administration 2257 taken between September and April of year 2.
- ▶ Complete the equivalent of a Grade 12-U level mathematics course, if not taken during secondary school.
- ▶ Continued involvement, achievement, and leadership in extracurricular activities in years 1 and 2.
- ▶ Adhere to all student code of conduct regulations at their respective institutions. Violations of such codes will be considered as part of the admissions process.
- ▶ Complete an Ivey AEO Update form between years 1 and 2 so that Ivey can provide feedback on progression to date;
- ▶ Complete the Ivey AEO Intent to Register form in year 2 to confirm your intention to join the Ivey HBA Program in year 3.
- ▶ Students may be required to participate in an online video interview as part of their HBA Intent application

Undergraduate Degree Offered

- ▶ Honors Bachelor of Arts (BA): 4-year

Graduate Degrees

- ▶ Master of Business Administration (MBA), Master of Science in Management (MSc), Doctor of Philosophy (PhD), Executive MBA

Dual Degree Programs

Limited enrolment undergraduate dual degree programs offered with Ivey's HBA include: Arts & Humanities, Economics, Engineering, Geography, Global Studies (Huron only), Health Sciences, Huron Psychology, International Relations, Kinesiology, Law, Medical Sciences, MIT, Music, Nutrition and Dietetics, Political Science, Political Science, Science, and Urban Development.

Please email dualdegrees@ivey.ca for further information.

Exchange Programs

The Ivey Business School is positioned among the world's leaders in management education. You may spend one term in the fourth year on an exchange at the business program of one of our over 40 different exchange partner schools.

DENTISTRY

Schulich School of Medicine & Dentistry ▶ www.schulich.uwo.ca/dentistry ▶ 519-661-3744

Dean: M. Strong

Acting Director: R. Bohay

Admissions Office

Health Sciences Addition H103

519-661-3744

E-mail: admissions.dentistry@schulich.uwo.ca

www.schulich.uwo.ca/dentistry/ddsadmissions

The Schulich School of Medicine & Dentistry offers an exciting four-year program leading to the Doctor of Dental Surgery (DDS) degree. Our commitment through our learning and social environment is to ensure that our graduating Doctors of Dental Surgery are life-long learners, socially responsible, compassionate, ethical, and passionate about delivering oral healthcare to their respective communities.

Admission Requirements:

Please note that the admission policy is reviewed annually and the admission requirements from previous years may not apply. The University reserves the right to review and change the admission requirements at any time, without notice. Enrolment is limited and admission is highly competitive; possessing the minimum requirements does not ensure an interview or acceptance.

To be eligible to apply, students must meet the following requirements:

- ▶ Be in the final year of, or have successfully completed, an undergraduate degree program leading to a four year undergraduate degree from a recognized university.
- ▶ Successfully complete approved equivalents in physiology, biochemistry, and organic chemistry courses.

EDUCATION

www.edu.uwo.ca ▶ John George Althouse Faculty of Education Building ▶ 519-661-3182 ▶

Dean: Vicki Schwean

Associate Dean Teacher Education (Undergraduate and Preservice Programs): Margaret McNay

Western's Faculty of Education provides a solid background of academic courses and professional workshops combined with extensive and varied practicum experiences. We offer a strong sense of community and rich opportunities for professional growth. Our programs will help you cultivate the qualities of a professional educator and the knowledge and skills to be a leader in education.

Degree Offered

- ▶ Bachelor of Education (BEd)

Teacher Education Admission Requirements

The minimum requirement for the two-year Bachelor of Education program is a 3-year degree with an overall "B" average (70%), but preference is given to candidates who are graduates from 4-year programs, or their equivalent. Graduate courses are not used for calculation of averages but are taken into consideration when assessing subject area background. For the greatest flexibility in program and career choices, we strongly recommend completion of a 4-year twenty credit degree. Preference is given to applicants who have the greatest strength in the subject areas they wish to teach.

Admissions are based primarily on academic standing, but the Faculty takes experiential qualifications into consideration in the final selection process. Check the Faculty's website for detailed information.

Candidates should be aware that, due to competition for places, actual admission levels may be significantly above the minimum academic requirements.

For admission requirements, please see the Education website at www.edu.uwo.ca.

- ▶ Have competitive Dental Aptitude Test scores written within two years prior to the application deadline. Schulich Dentistry utilizes the results of the last test written in the eligible time period.
- ▶ Submit an Autobiographical Sketch & Personal Statement to identify and expand on academic and non-academic strengths, achievements, significant successes, and disadvantages.

Selected applicants will be invited to attend a personal interview in order to be considered for admission.

Special consideration will be given to applicants who self-identify as Indigenous. Two positions are set aside each year for competitive applicants with official documentation of Indigenous status or ancestral Indigenous origin. A limited number of positions are available for international students who maintain their international status at graduation. International students must satisfy Western's admission requirements, including English language proficiency.

Please see the Admissions website for further details:

Minimum admission average: 70%

Graduate Degrees

- ▶ Master of Arts (MA)
- ▶ Master of Professional Education (MPEd)
- ▶ Doctor of Philosophy (PhD)
- ▶ Doctor of Education (EdD)

ASPIRE Program

- ▶ Additional Qualifications courses for teachers
- ▶ Advanced Certificates in Professional Education

Dean: E. Chamberlain**Associate Dean (Academic): C. Sherrin****Associate Dean (Research): V. Oosterveld****Admissions Office: 519-661-3347**

Western Law prepares national and international leaders in the practice of law, business and the public service. Unlike law schools in larger metropolitan areas, Western Law is not a commuter school. Students stay for the day, socializing in our lounges, cafeteria, classrooms and library. This lends a vibrancy and collegiality to student life that is not always the norm in law school. The relatively small size of the school (approximately 525 students) provides a close-knit supportive atmosphere where professors and students also interact outside of the classroom.

Our Small Group program lies at the heart of the Western Law experience. First-year students take one core course in a small group of approximately 22 students where they receive personalized attention from their professors. First-year courses, designed to provide a strong foundation for further study, are Torts, Property, Contracts, Criminal Law, Constitutional Law, Legal Research, Writing & Advocacy, Orientation to Law & the Legal System, and Legal Ethics & Professionalism. Further, Western Law is the only Canadian law school that also offers the option of taking Corporate Law in first year, thus allowing students to take more advanced business law courses at an earlier stage. In upper years, students take three required courses and satisfy the Faculty writing requirements. Beyond that they select from a broad range of elective courses consistent with their interests and career aspirations.

Western Law recently introduced a series of optional curricular streams that help students build a progressive and coherent course of study should they choose to focus on one or two areas of law over others. Each stream culminates in a capstone course that promotes the transition from learning to practising law. Indeed, practical training opportunities abound at Western Law, with internal and external advocacy competitions, summer internships, and our legal clinics: Community Legal Services, the Business Law Clinic, the Sport Solution Clinic, and the Dispute Resolution Center. Competitions in client counselling, corporate restructuring, contract drafting and negotiation are also available to further develop lawyering skills. Finally, students are supported by an active Career and Professional Development Office that provides them with the information and tools they need to succeed in today's competitive job market. Western Law consistently has one of the highest articling placement rates among Canadian law schools.

Admission Requirements

1. Minimum three years of university education; four-year university degree preferred.
2. Law School Admission Test (LSAT) score.

Application Deadline

November 1

Limited Enrolment Program

2017-2018

Number of applicants: 2,200

Number of registrants: 176

Admission average (Last 2 years): 3.7/4.0

Degrees

- ▶ Juris Doctor (JD)
- ▶ Honors Business Administration/Juris Doctor (HBA/JD)

E-mail: admissions.medicine@schulich.uwo.ca

www.schulich.uwo.ca/admissions/medicine

OMSAS: www.ouac.on.ca/omsas

Schulich Medicine provides outstanding education within a research-intensive, distributed learning environment where tomorrow's physicians, dentists, researchers, scholars and staff learn to be socially responsible leaders in the advancement of human health locally, regionally and globally.

At the Schulich School of Medicine & Dentistry we commit to providing a welcoming and accommodating environment for all. We recognize that diversity is a source of strength which promotes a culture of excellence, innovation, flexibility and adaptability that thrives from the contributions of all our members. We accept, nurture, value and celebrate diversity.

Locations of Study: Windsor and London

The Doctor of Medicine Program runs simultaneously from two campuses: London, Ontario and Windsor, Ontario (at the University of Windsor). Each year, a portion of the admitted class will complete all of their academic studies at the Windsor Campus and graduate from Western University. The Windsor Campus is a partnership between Western University, The University of Windsor, and the London and Windsor hospitals.

Admission Requirements

Please note that the admission policy is reviewed annually and the admission requirements from previous years may not apply. The University reserves the right to review and change the admission requirements at any time, without notice. Enrolment is limited and admission is highly competitive; possessing the minimum requirements does not ensure an interview or acceptance.

To be eligible to apply, students must meet the following criteria:

- ▶ Be a Canadian Citizen or Permanent Resident of Canada.
- ▶ Have completed a four-year degree from a recognized university. Applicants may be in the final year of a four-year degree at the time of application. The four-year degree must consist of 20 full or equivalent courses which must be completed by the end of the academic year (September - April) in which the application is being made. There is no preference given for the undergraduate program of study and there are no course prerequisites.
- ▶ The minimum Grade Point Average (GPA) must be met in EACH of two undergraduate years of full-time study (one of which may be the current year). Full-time study is defined as 5.0 courses or equivalent (30 credit hours) taken between September and April. Academic transcripts must show clearly that applicants have met this course load requirement. To be considered, each year must contain at least 3.0 courses or equivalent whose published academic level is at or above the year level of study.
- ▶ Applicants must meet or exceed the minimums in their most recent writing of the MCAT. All applicants must have written the MCAT test introduced in April 2015 (test scores from the previous version of the MCAT will no longer be valid). All applicants must arrange for verified results of the MCAT to be submitted directly to the Ontario Medical School Application Service (OMSAS).

Interviews will be conducted beginning in March. Applicants who satisfy the course load, the GPA, and the MCAT requirements (obtaining the minimum in each section of the MCAT), as determined by the Admissions Committee each year, will have their applications reviewed carefully and will receive consideration for an interview.

The Schulich School of Medicine & Dentistry reserves the right to deny admission to any applicant whose facility in written and spoken English is judged to be inadequate.

Admission to the MD Program is based primarily on the academic undergraduate record, MCAT scores, and the interview score.

Special consideration will be given to applicants who self-identify as Indigenous. Schulich Medicine has designated five seats in each entering class for First Nations, Metis and Inuit students. Applicants identified as Indigenous who wish to be considered for the designated seats must provide official confirmation of Indigenous status or proof of ancestral origin to OMSAS.

Please see the Admissions website for further details:

www.schulich.uwo.ca/admissions/medicine

Application Deadline

Applicants must have created an OMSAS account by mid-September and have submitted a completed application by the deadline in early October. (Subject to change. Refer to the OMSAS website for up-to-date information.)

Limited Enrolment Program

For entrance September 2017

Number of applicants: 2,500

Number of registrants: 171 (133 in London, 38 in Windsor)

Minimum admission GPA: 3.70 (for 2016-17 cycle, subject to change)

Degrees Offered

- ▶ Doctor of Medicine (MD)
- ▶ Doctor of Medicine (MD) with PhD
- ▶ Doctor of Medicine (MD) with Oral Maxillofacial Surgery/Master of Science
